Motorcycle Awareness Month

Did you notice that May was **Motorcycle Awareness** month? Well, it was, but not much happened. Since it so often goes by without much notice we have talked about what we can do to make May shine for Motorcyclists. SBU has offered to promote the month in their newsletter and it goes out to 1,000 motorcyclists. **Red Proctor** suggested a safety fair and he and Brian Grayling, from SBU, are willing to be part of the manpower to make this happen. Giveaways, like tire gauges and decals could be added to the mix. Flyers could be sent out to the various clubs.

Got any good ideas?

Come to a meeting and share those ideas,
or call, write, or

THE PARTS MAN'S LAMENT

*I work behind the counter
In a motorcycle store,
Sometimes I'm called a "genius"
Sometimes I'm called much more.*

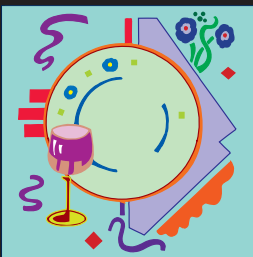

*I say I'm no mechanic.
But when their job goes sick,
Everybody asks me
What makes the damn thing tick?*

*I'm supposed to know the numbers
Of bolts and nuts and gears,
For every cycle ever made
For more than forty years.*

*But life would be a pleasure
And I'd grin from ear to ear,
If only they would tell me
The model, make and year!*

Membership

Full members are keeping up well, with the assessments, which keep HMDA running. Thanks Guys! For those who have not paid their 2007 dues, which for Associate members is only \$30.00 and just covers the cost of the newsletter and other mailings, you will not be receiving any more newsletters and will be removed from the website and email contact list. So, if you did not renew and would like to help support our industry and stay informed, please fill out the renewal form, on the the next page of this newsletter and get back into HMDA. Come on folks, we're all in this together, so let's get together!

2007 Convention

This year's convention is set for **October 6th**, at the Hilton Hawaiian Village, Tapa Ballroom. We

haven't locked down the entertainment yet, so if you have any great, good, or OK ideas for that, let us know. So far the vendors are Dunlop, Two Brothers, Icon, Motorex and Blingstar. We also have EVS, and Vortex as possibles. Not much else to report right now, but "stay tuned" for more!
